Established in 1992 Art House Gallery is considered to be one of Sydney's leading contemporary art galleries. The Gallery represents and exhibits Contemporary Art by emerging and mid – career Australian artists, who work in a variety of media.

As well as representing dedicated print artists we are a Sydney representative of Port Jackson Press, Chrysalis Publishing and Berkeley Editions. The Gallery also exhibits a large selection of painting, sculpture, installation, photography and glass works.

The Gallery is proud to be launching Joshua Yeldham and David McKay's latest limited edition print series at this event.

Art House Gallery's philosophy is to foster and support a group of talented emerging artists whose work we believe contributes significantly to Australian culture and the international contemporary art forum.
