

Australian Print Workshop

Established in 1981, the Australian Print Workshop provides artists with access to Australia's most comprehensive printmaking facilities and expertise.

Leading artists from around Australia and overseas work with the Australian Print Workshop's Printers in the Custom Printing Workshop to produce limited edition fine art prints.

The Access Workshop provides an opportunity for artists to produce work in a professionally equipped studio.

The Australian Print Workshop creates opportunities for printmaking through co-operative ventures with extraordinarily diverse arts organisations.

These partnerships have resulted in the creation of challenging works in the print medium, which reinforce the Australian Print Workshop's reputation for innovation and high-quality fine art printmaking.

Opening Hours Tuesday to Friday 10am - 5pm, Saturday 12pm - 5pm
