

Damien Minton Gallery

The Damien Minton Gallery, Newcastle is proud to present an exhibition by the internationally acclaimed Australian cartoonist and animator, Bruce Petty.

On display will be a collection of Petty's recent original drawings, sketches from overseas travel excursions, limited edition etchings and of course, original cartoons. It is a rare occasion to see Petty's entire repertoire gathered together. It illustrates the enormous contribution he has made to Australian culture since the early sixties.

It is his adventure with the pen, the exploration of line that makes Bruce Petty so unique within a visual arts context.

The Damien Minton Gallery has been established in Newcastle, New South Wales, since late 2000. It represents Newcastle based contemporary artists and specialises in contemporary indigenous works on paper.
